

Funeral & Memorial SERVICE

White Chapel offers the most beautiful venue and setting
to honour and celebrate the life of your loved one.

Perfect venue to celebrate the life of a loved one

White Chapel is a deconsecrated church.
It is non de-nominational and therefore open to everyone.
For the more traditional funerals, families are able to bring their own Minister, Pastor or Priest to the Chapel to host their loved one's service.

If you prefer a non-religious alternative, then you may choose to celebrate your loved one's life with a special Memorial service which is normally performed by a celebrant.

Every one of these 'Memorial' services is different in order to meet the needs of individuals and their families.
